

More AT&SF Class Tk Company Service Tank Cars

HO SCALE

Yes, the Santa Fe had MORE and LARGER Tk tank cars for Company service! This time the Division Point is producing the Tk-K,L,M,N and O types, contiuing our series of projects to bring you these ubiquitous cars.

Richard Hendrickson and Richard Pelouse's book, Santa Fe Tank Cars remains our "bible" for this project and we recommend it highly! On the right is a nice mix of tanks supporting a Cajon Pass section gang in 1984.

**Here are the Tk-Ms and yet MORE
Tk-Ks, Tk-Ls and Tk-Ns in new
versions and road numbers!**
