HO SCALE

Canadian Pacific Class G-3-a,b,c,d,e, 4-6-2 Pacific

We here at the Division Point are fascinated with the locomotives produced by both Montreal Locomotive Works (MLW) and the Canadian Locomotive Co. (CLC). Now that we've done the e though j sub-classes, we'll move back in time and model the earlier-built C-3-a,-b,-c and -d sub-classes.

The Division Point and Boo-Rim will offer this LIMITED EDITION project in different numbers. With only 120 pieces to be produced, you are well advised to contact your dealer to reserve yours!
