## Class F-1, F-2, P, P-1, P-2

### “Fishbelly” Box Cars

**HO SCALE**

Yep, the "Missabe" had boxcars! These were wooden cars with a "fish-belly" underframe. We will be doing the F-1, F-2 and the various P classes.

All DM&IR fans need these box cars, so call your *Division Point* dealer and reserve a handful of these useful cars!

As usual, we are indebted to those folks who publish the information and photos we need. We urge you to buy their books and photos.
