

# Kansas City Southern Steam-Era Wood Cabooses

**HO SCALE**

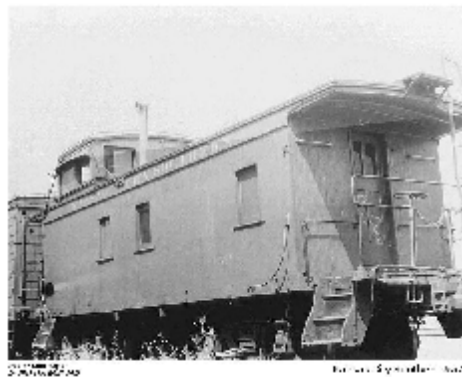

Well, we need a caboose to follow those 20-10-4s. Nick Muff has suggested a group of steam-era cabooses.

The Division Point will offer 100 of the KCS cabooses and you are advised to contact your dealer to reserve yours!

As usual, we are indebted to those folks who publish the information and photos we need. We urge you to buy their books and photos.

\* Kansas City Southern in the Deramus Era by Louis A. Marre & Gregory J. Sommers (1999, Withers Publishing, Halifax, PA)

\* Also, thanks to Dr. Nick Muff for the use of his drawings, photos, and review of pilot models
