

Toronto, Hamilton and Buffalo 2-8-4 Berkshire [HO]

HO SCALE

The TH&B served the Hamilton, Ontario area, connecting with the NYC in Buffalo and the CPR in Toronto and Montreal. Jointly owed by the NYC and the CPR, the TH&B served as a bridge line between the two. In 1928 the TH&B purchased two 2-8-4s from Montreal Locomotive Works. Numbers 201 and 202 were not only the only "Berkshires" owned by a Canadian-owned railroad, they were the only 2-8-4s built in Canada!

The Division Point and Boo-Rim will build a LIMITED EDITION of 100. You are well advised to contact your dealer to reserve yours!
